

# Leeds

12-17  
Years

Leeds is a wonderful city located in the very heart of north England. Leeds has its own international airport but it is easily accessible by train or road. The city has had huge investment over the last several years and is now a very cosmopolitan, student-friendly city! Our junior centre is located in the Swarthmore Education Centre on Woodhouse Square, a short 10 minute stroll from Leeds city centre. The city is within easy reach on foot so students can explore the museums, art galleries and shops at their leisure.
